Join our next online Climate Fresk workshop!

A Climate Fresk workshop is a fun, interactive session that helps you understand the causes and consequences of climate change through collaboration and systems thinking. Given the success of our Fresks, we have already scheduled the next one!

Date: Monday 29 September 2025

Time: 18:30–21:30 BST

Location: online on Zoom

Whether you're new to climate topics or looking to deepen your understanding, this workshop is for you. Spots are limited and are also open to members of the general public.

LET'S GROW OUR THOUGHT LEADERSHIP ONLINE

- ✓ Multiply the impact of your speech
- ✓ Build your online public speaking portfolio
- ✓ Help us boost the club's visibility to grow our community

Quick Poll: How comfortable would you be with your speech online?

We're exploring the idea of sharing member speeches (with consent):
1) as videos on our club's YouTube channel and/or 2) as transcripts on the blog platform Medium (<https://medium.com/>)

Why it matters:

- Multiply the impact of your speech by reaching a wider audience
- Build your online public speaking portfolio and thought leadership
- Boost the club's visibility to grow our community

Let us know your comfort level in this 1-minute anonymous poll:

<https://tinyurl.com/SSCletusknow>

Your input helps shape how we grow our size and impact—thank you!
