Public Speaking

Congratulations

Dennis William Njobvu

Dennis is quickly building his skills as a public speaker and excellent communicator. He has delivered 5 speeches from Level 1, therefore has completed Level 1, of the 'Presentation Mastery' Pathway. This particular level, 'Mastering the Fundamentals' is designed to help the speaker with their writing techniques and delivery.

Why don't you make a date and come to Sustainable Speakers!.

Impromptu Speaking

Practice with

 **Derek-the-denier** 

by

Joe Hattersley

Strong impromptu skills help you respond to doubts and misconceptions- it's your opportunity to turn tricky moments into chance conversations

Practice (Your Responses) with 'Derek-the-denier '

1. "We have always eaten meat – vegetables use pesticides too."
2. "Climate change? That is just about polar bears, nothing to do with me."
3. "Sustainability cannot get in the way of profits."
4. "It is up to politicians, not me."
5. "I recycle, but I am too busy for more."
6. "Technology will solve it eventually."
7. "The environment is not the biggest problem right now."
8. "It is all down to big corporations, I cannot make a difference."
9. "I would go green, but eco-friendly is too expensive."

Quick Tips:

- 1 Start with values – find common ground.
- 2 Do not overload with facts – avoid polarisation.
- 3 Avoid shaming – respect works better.
- 4 Share hope, not fear – paint a positive vision.
- 5 Keep talking – every conversation counts.
