Public Speaking

Toastmasters

Voices of Sustainability

should there be sustainability-themed Toastmaster clubs across the world, like Sustainable Speakers? We think so.

Recently, our **Vice-President of Membership, Ron MacTavish**, DTM, alongside a group of dedicated supporters, launched a new Toastmasters club in **Canada** focused on sustainability. Inspired by the success of Sustainable Speakers, this new club, **Green Horizons**, aims to amplify voices advocating for a better planet.

To celebrate their launch, Green Horizons is hosting a one-hour speaker showcase:

Making the World a Better Place: Saturday Morning with the Green Horizons Toastmaster Club

 **Date:** Saturday, March 1

 **Time:** 4:00 p.m. (GMT) 60mins

 **Registration:** [Click here to register](#)

Two of the featured presenters are our very own Sustainable Speaker members, **Sarah Ferguson** and **Anis Rezaei**.

 **Sarah Ferguson** – Guinness World Record holder and endurance swimmer from South Africa. She will share her inspiring journey of undertaking epic swims to champion her non-profit dedicated to eradicating plastic in the oceans.

 **Anis Rezaei** – A Hazara refugee who arrived in England without speaking a word of English. Twelve years later, she graduated from Oxford with her MPhil. Now a passionate advocate for social justice, she champions the rights of women and persecuted minorities.

Sarah and Anis are new Toastmasters who have found their voices and are using them to make the world a better place—just like Sustainable Speakers and Green Horizons.

Join us in supporting Sarah, Anis, and the Green Horizons Club. Be part of this exciting event and witness the power of sustainability-focused public speaking!
